

THE SEED FOR THIS ONION CAME FROM "ROBINSONS MAMOUTH ONION GROWERS" IN PRESTON LANK'S. THREE TRENCHES WERE DUG BY HARRY FOR THE ONIONS IN OCTOBER 2017. THEN FILLED WITH COMPOST & TOP SOIL.

65 ONION SEEDS WERE PLANTED ON BOXING DAY 2017 INDOORS.

ONLY 17 ONION PLANTS SURVIVED

TO BE PLANTED INTO THE TRENCHES

IN APRIL. COLD NORTH EAST WINDS MADE GROWING ONIONS DIFFICULT.

JUNE AND JULY IS WHEN THE ONIONS PACKED THEIR WEIGHT ON AND NEEDED WATERING EVERY DAY. HAD TO FEND OFF MOLD, MICE AND MOWES TO GET THIS ONION THIS FAR. ENJOY
